

WINTER PROGRAM

MAISON BELAVISTA Madeira Island

From the terrace of Maison Belavista, enjoy an unobstructed view of the Atlantic Ocean. The holiday house is set in the quiet area of Calheta only 3 minutes from the beach. It is ideally located for touring the island; from the fabulous landscapes to the natural volcanic swimming pools.

Madeira Island is famous throughout the world for its natural beauty and is often called the floating garden of the Atlantic. The abundance of protected reserves found on the island is a true wonder for nature lovers. Myriad walking trails through rare Laurisilva forests reward hikers with breathtaking mountain views, while scuba divers can explore the crystal clear waters. Madeira is simply a natural paradise.

PLACES OF INTEREST

Calheta (2km): Calheta is one of Madeira's hottest spots with a beautiful little marina and two man-made golden sandy beaches. Calheta was one of the first places to be explored by the early settlers.

Parque Natural da Madeira (26 km): The *Parque Natural da Madeira* conserves the largest surviving area of primary laurel forest or laurisilva. These forests display a wealth of ecological niches, intact ecosystem processes, and play a predominant role in maintaining the hydrological balance on the Island of Madeira.

Cabo Girão (27 km): In this village, visitors find one of the highest cliff faces in the world. The city itself faces the Atlantic with a backdrop of dramatic mountains amidst banana plantations.

Porto Moniz (28 km): Porto Moniz is a small and pleasant town known for its natural volcanic pools. In Porto Moniz visitors also find the historic Fort of João Batista, built in 1730 to protect from Pirate raids, now restored into the Madeira Aquarium with more than 70 typical species.

Caves of São Vicente (34 km): A unique Madeira experience that is not to be missed. These caves were created by a massive eruption that took place many thousands of years ago; a unique journey to the interior of the earth.

Funchal (38km): Funchal's stunning bay and surrounding mountains make this one of the most beautiful cities in Portugal. Visit the many historical churches around Funchal and admire their magnificent paintings and architecture.

Camacha (46 km): Another of Madeira's picturesque villages; very well known for its wicker basket industry and colorful folklore traditions. Through the paths and levada walks one can enjoy the landscape and learn and feel the interesting set of cultural and natural aspects that have fashioned Camacha.

Machico (58km): Visit the city where explorers first settled in 1420. Modern Machico has a beach and for those who enjoy diving, there is a popular marine reserve on the coast.
