19-26 January

We had a very nice time!

The weather was perfect  
for snowboarding, sliding and climbing.

Our kids enjoyed to play outside  
of skallet.

We fall in love with mountains.

2-9 February 2019

We had a perfect week at Chalet Martagon! Jane and her family were amazing hosts: always available to help! At first, we were a bit disappointed because there was no fireplace, but we quickly forgot about it as the apartment was cosy; clean; and had a stunning view on the mountains!

Chamonix is the perfect place for nature lovers and we had the chance to have lots of snow during our stay! Did 3 days of skiing including a long day doing the Vallée Blanche with a guide Raphaël, who was recommended by Olivier & Christophe at Go Sport Montagne O' Shop! These guys are true passionate & professionals and we highly recommend to rent skis/shoes at their shop if you need!

Chamonix, we will come back!

We had a great week and the weather was amazing. Jane and her family were very friendly and responsive. Our kids even got to play with Jane's son Luke and his friend Ben (who is also Canadian).

Skiers: For young kids and average skiers, we would recommend to ski at Les Houches. For more advance skiing we would recommend first les Grands Montets, then Brevent-Flegère. I wouldn't recommend Vallée Blanche unless there has been fresh snow. However, the trip up to les Aiguilles du Midi is well worth it, especially if you have the "Unlimited" pass. Some may feel light headed once at the top (mild hypoxia).

Food: Grocery stores are easily accessible by car and would recommend either the Super U et drive or le Carrefour both in les Houches. As for restaurant, we highly recommend le Tremplin, which is 700m (9min) walk from here and they serve great food at a very good price.

Transportation: We did not use the bus/train public system as we used our car everyday. The only issue with using your car is finding parking, however, if you get going early you will likely find some.

Other: We enjoyed the selection of board games, especially Othello and Dominoes. Finally, we highly recommend QC thermal spa.

Thanks again Jane, we had a great stay.

23 February to 2 March.

We were blessed with a week of perfect weather; heat + sunshine every day except Friday. We went skiing everyday, one at Flégère and every other day at Grands Montets, where the kids had half-day classes at the highly recommended Panda Club. The kids' improvement throughout the week was impressive. We also took advantage of the Mont Blanc unlimited pass to visit L'Arville du Midi, le train de Montemvers and the luge every day! QC Terme spa was magnificent with sunshine and a breathtaking view of the mountains. The chalet itself was the perfect size for our 4-person family and we benefitted from the raclette twice while our Belgian/Latvian friends visited for dinner. We avoided eating/drinking in Chamonix as much as possible due to very high prices; bringing a midday snack/lunch on the ski hills. The trip was magical and we are already planning to return to Chamonix with friends next year!

We were constantly in awe of the views during our week stay at the chalet! Jane made us feel welcome when we arrived, even bringing our dog a sleeping bed and our family medication when headaches set in (it must have been the long day of skiing in the sun - NO COMPLAINTS!) We purchased the unlimited 5 day pass for our family of 5 - skiing at Brevent/Plegere, La Touche & Courmayeur. Due to wind, we were unable to get up the Aiguille du midi, but did enjoy the mer du glace. We also took advantage of skate night at the rink on Thursdays - rentals included!! The kids had a blast. We walked almost daily up the hill to the mountain trail to hike - great for the dog & entire family. The chalet location was serene and mountain views breathtaking. We used our vehicle, and didn't have trouble finding parking at hills or in town. We would definitely recommend this chalet to anyone looking to get away from the hustle and bustle.

Sincerely,
